ENERGYPAC® THE COMPANY

1983

WHO WE ARE

Born in 1983, **ENERGYPAC** has pulled out all the stops to become a pioneer of the power sector in Bangladesh. Through relentless perseverance over the last three decades, Energypac is now considered a leading name in the engineering and electronics industry.

Equipped with the most competent employees and the latest technology in machinery, **ENERGYPAC** has been taking strides in technological innovations and state-of-the-art production since 1992. Our goal has and always will be to serve the nation to the best of our abilities.

ENERGYPAC® FASHIONS LIMITED
1983

WHO WE ARE

ENERGYPAC Fashions Limited is equipped with the most advanced Garment technologies from Japan, Europe and the USA. This built-in composition is to ensure quality in producing primarily formal wear.

ENERGYPAC Fashions Limited was established with the objectives and vision to prevail at par with world-class garments precisely because of Bangladesh's position as a Major Garment exporting country beyond the MFA regime from 2007. That is why we have guaranteed the use of state-of-the-art technologies and practices along with a band of highly skilled, professionally dedicated industrial manpower and management team to excel in tune with our technology.

Achievements & Awards

- > Benefits for Business & Workers (BBW)
- > Certificate of Achievement: Return To Work (RTW) Pioneer in Bangladesh
- > Certificate of Appreciation: COVID 19 Management System
- > Certificate of Completion: HERfinance program
- > Letter of Recognition from ACCORD on fire and Building Safety in Bangladesh 2017-2018

formalwear specialist*

ENERGYPAC[®] JOURNEY

1983

WHO WE ARE

Established **ENERGYPAC Fashions Ltd.** with only 5 production lines focusing on trousers.

Full factory expansion.

Newly constructed factory next to the old factory. Blazer production shifted under the new factory making it a total of 10 production lines at work. Old factory continues with trouser production and vest production is introduced making it a total of 15 production lines at work.

Start new FOB division. Our new show room is being developed and implemented from scratch. We offer a One Stop Service.

2007

2013

2018

2023

2011

2014

2021

2 more lines were added making it a total of 7 production lines at work.

2 more lines were added making it a total of 9 production lines at work (7 lines dedicated to trousers and 2 lines to blazers).

Diversified products are introduced. 1 Line for unconstructed coats were added.
